

tried to make a Cat → turned
into looking more like a bat

Made Bat-Cat
inspiration taken from my Daughter
Fem

✓
made it so when you click on fangs
of Bat-Cat (Angry) turns into blood thirsty
Bat-Cat.

↓
Final Decision is to turn Angry
Bat-Cat into blood thirsty Bat-Cat.

ng-matthew-a2-BatCat2\2D Template\bin\Debug\.net10.0\2D Template.dll

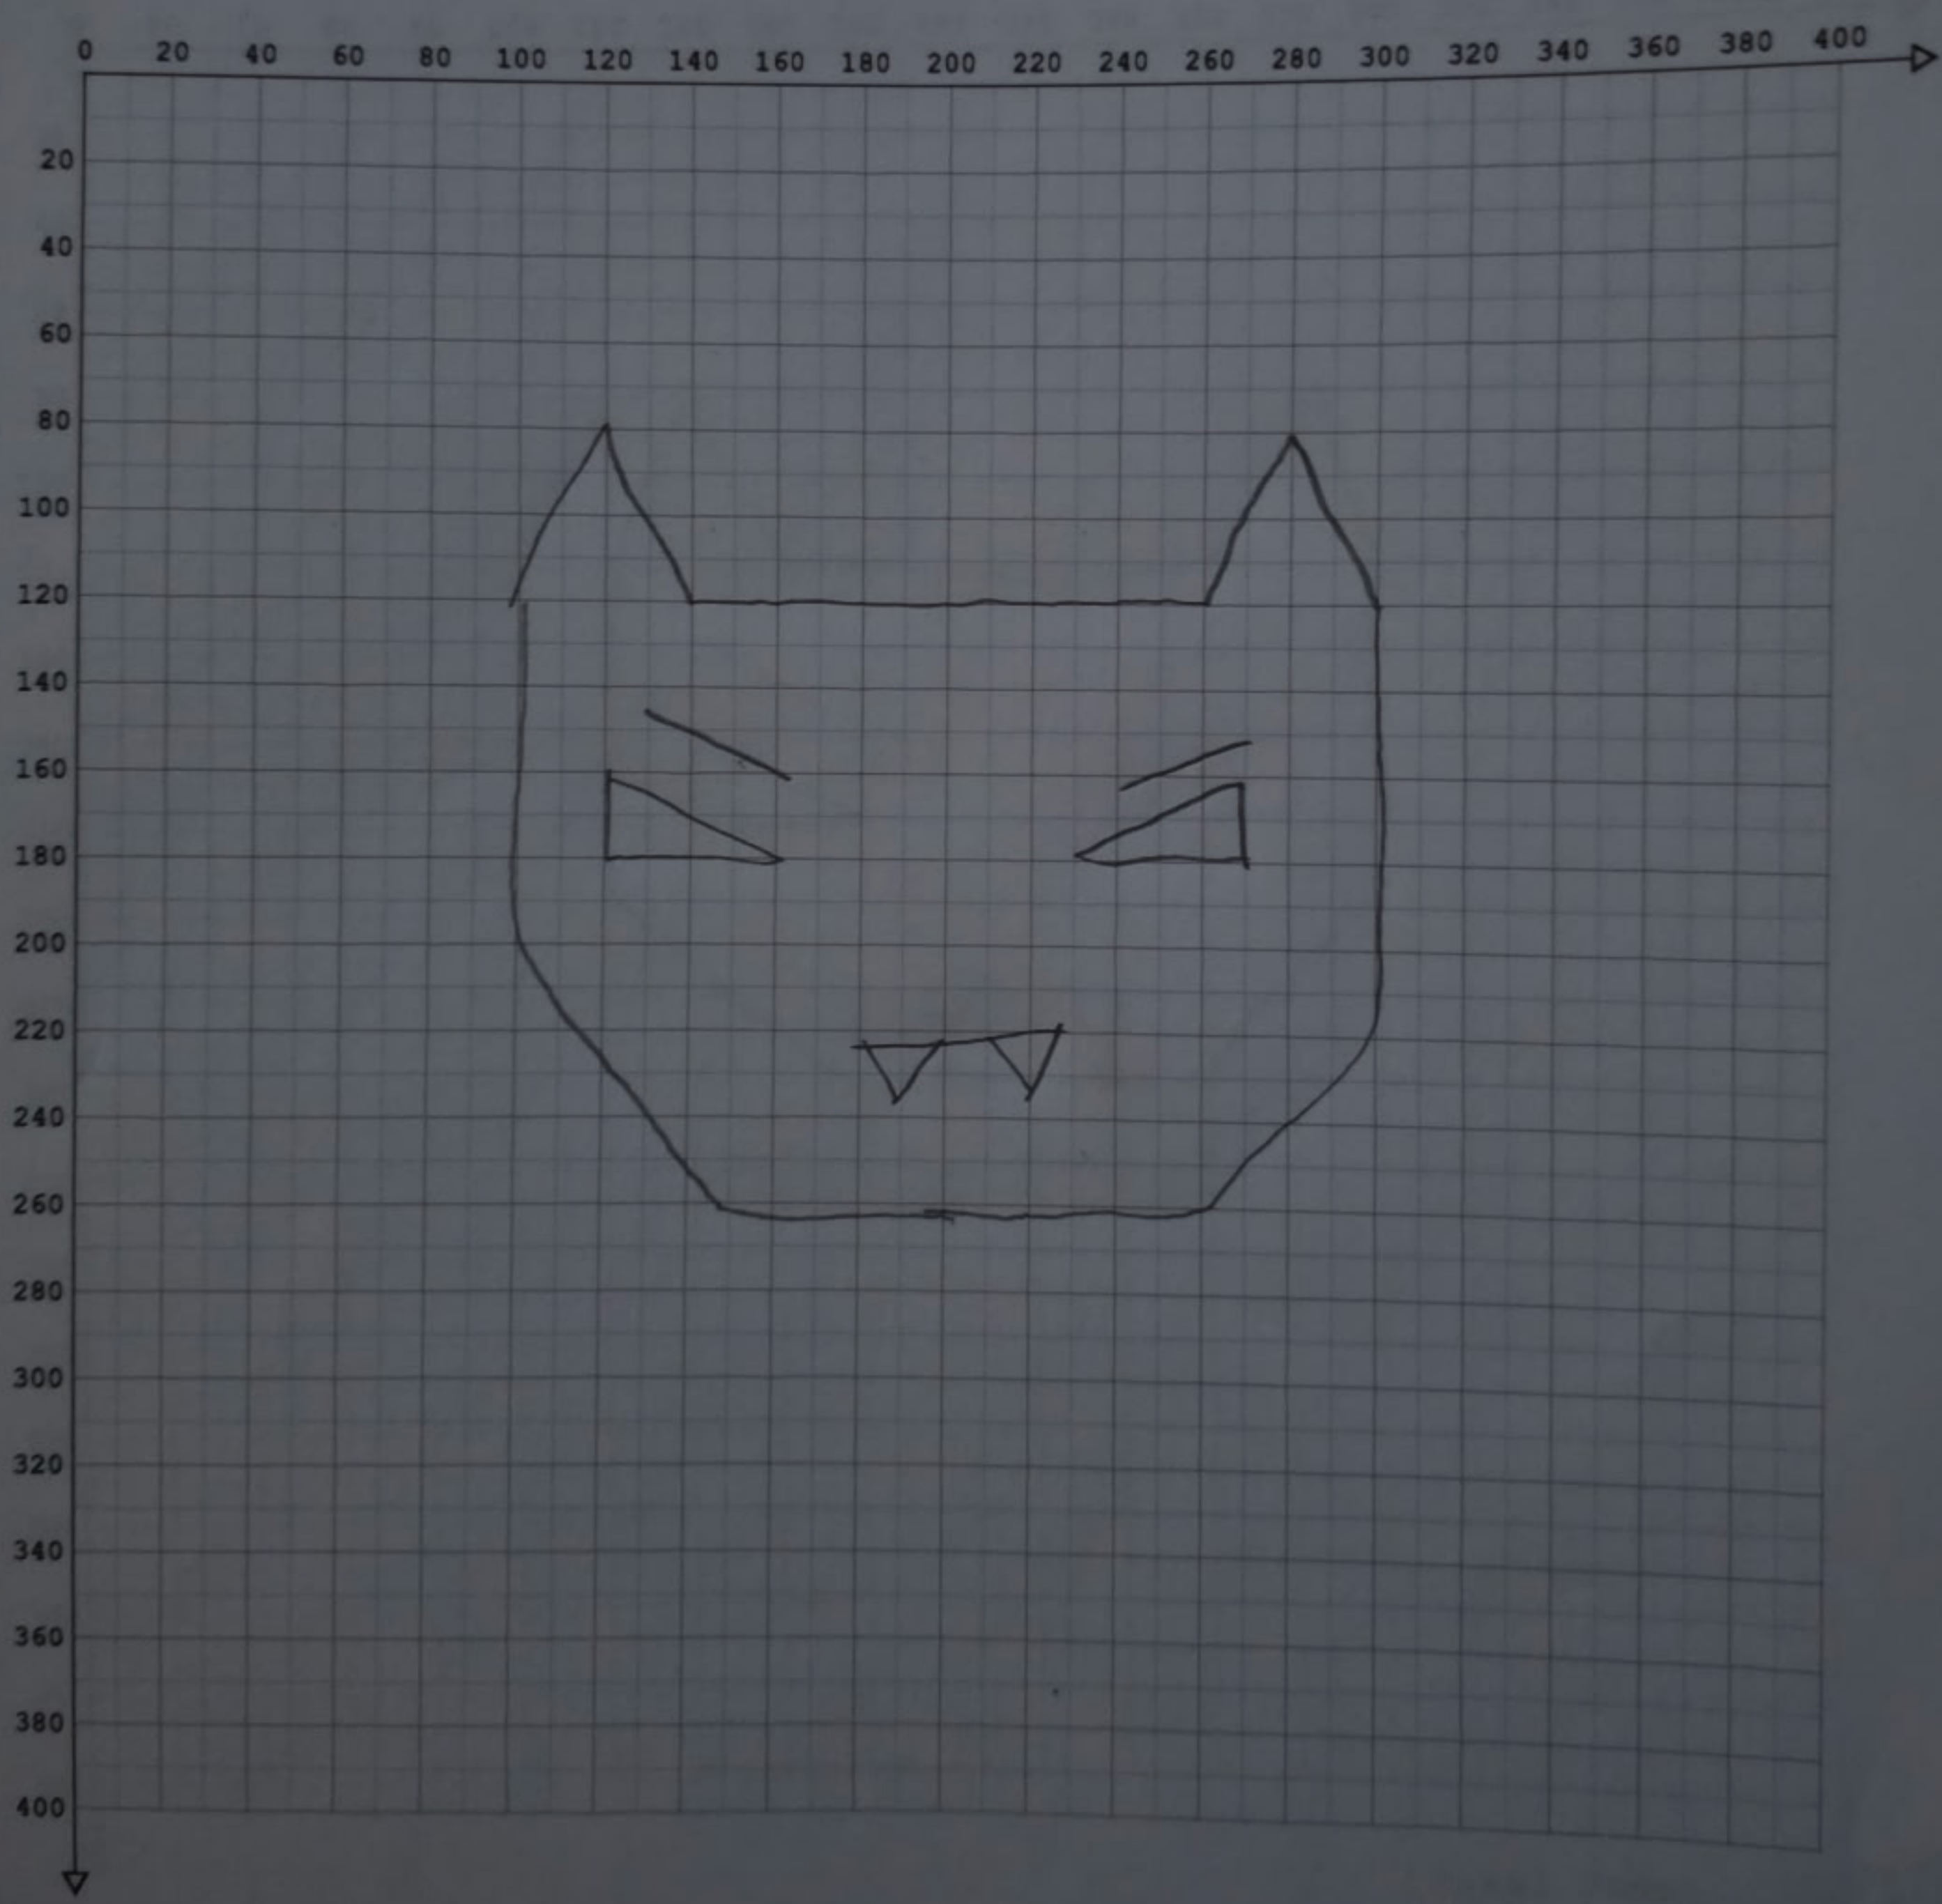

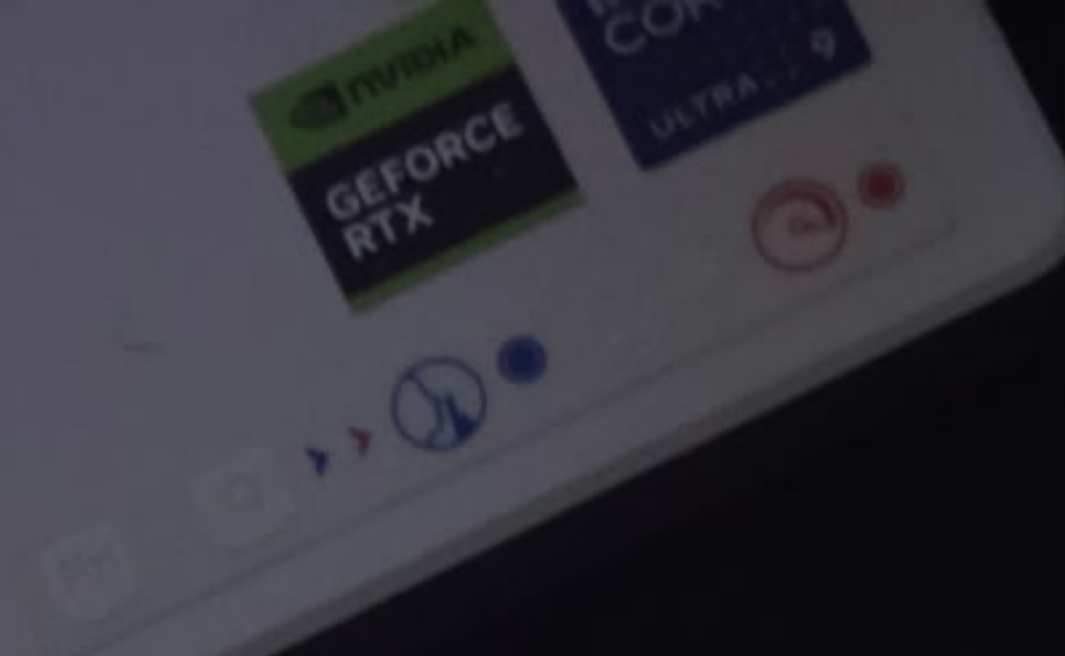

Tried multiple variations
but settled on sleepy
Bat-Cat -> Bleary
~~Blind~~ Bat-Cat

Bleary Bat-Cat didn't work due
to color and didn't like the circles.
